With the future of Mildenhatch CID at stake and the lives of their loved ones under threat, time is running out — fast. As they begin to investigate the web of corruption, they discover just how deep it runs — and how close to home. But are they prepared for the truth? The kings of Castile maintained a personal cavalry guard through much of the fifteenth century, consisting of practicing Muslims and converts to Christianity. This privileged Muslim elite provides an interesting case-study to propose new theories about voluntary conversion from Christianity to Islam in the Iberian Peninsula, as well as the ways of assimilation of such a group into the local and courtly environments where they lived thereafter. Other subjects involved are the transformation of royal armies from feudal companies to regimented, professional forces including a well-trained cavalry, which in Castile was formed partly by these knights. Their descendants had to endure the changing policies conveyed by Isabel and Fernando, which increased discriminatory habits towards converts in Castilian society. Lady Knight is a medieval adventure crammed with action, emotion, and the atmosphere of Old England. Roguishly handsome and almost as reckless, Sir Matthew Cameron of the King's Royal Guard blunders upon a raven-haired warrior named Pet who instantly captivates him with her fierce sense of justice. Consumed with revenge against the renegades who murdered her entire family, her cold indifference to Matthew intrigues him. Not accustomed to rejection, he vows to make her his own at any cost—even to her. With her help he defeats the gang and turns his bold advances on her. His rash shenanigans only prove to push her further away. He is relentless, however, and she softens—just enough to make him want more. When a staggering opportunity presents itself, Matthew seizes it and forces the beautiful Pet to marry him against her wishes. He realizes too late his selfish act, threatening to alienate him from his family and do the one thing he never sought—emotionally destroy his wife. Only he can renew her crushed spirit, by bringing her home to his family castle and confessing his bond of love for the brave, courageous girl he desperately cherishes. After witnessing her friends being slaughtered by the Paladin Knights, Lady Ariana, a female knight who honors peace, has now gained possession of the enchantment sword, Excalibur. She challenges the elder brother of the knights from the three kingdoms, and claimed his head as a trophy. Now all has surrendered where she takes command of the legion league of the Paladin Knights. She pledged to conquer the other kingdoms to restore peace throughout the land, but through her rage of vengeance, it seemed that she has a yen for blood and death as a result for her personal glory. Her demeanor seemed to yaw for the worse... for her personal glory for peace and love; she enjoys the brutality that she caused on others. Was this a sudden change that was caused by the enchantment sword, Excalibur, which is believed to devour one's spiritual nature? Sir Vladimir and Lady Evora were washed up on the shoreline of a strange island. Not knowing where they are, they must find their way back home while searching for any survivors of her league that were on her ship that was wrecked. They stumble across some of her crewmen that were washed up on the shoreline, only to find their heads were severed and placed on the beach's sand to be discovered. They weren't alone. Who else was on the island that captured the surviving crewmen and slaughtered them? During Sir Vladimir and Lady Evora travels through the harsh jungles of the island, a group of tribesmen attacked them. She witnessed Sir Vladimir's sword skills of signal handedly defeating

the tribesmen. Now she knows that he is not just a simple thief, but a knight. She pledged for forgiveness and teamed with him to escape the island, but can they survive the island without becoming personally involved with each other? King Adam, the son of King Wallace of the Paladin Kingdom rules the Bathum Village. He uses Draconian methods to gain respect from the villagers, and at times torture them. He panders in a love affair with a peasant woman. He urges her to not have the child. When he learns that the peasant woman refused his order, he must now come up with a scheme to hide the truth of a peasant being pregnant by him, and to protect the family bloodline... even if it means murder to the woman and child... Finally, Sir Alexander and the Castilian Knights continue their journey in search for the Abaddon. Sir Alexander is questioned by his league when learning of his love interest with the female elf that travels with them. It is forbidden for a mortal to be in love with an elf. His credibility is questioned by others, including another king from a different land. To protect himself and the elf, he denies his feelings for the elf. But in secrecy, they both reveal their love for each other... Sir Alexander now learned his darkest fears from the sorcerer, Merlin. In order to continue in finding the Abaddon, he must face the most fearsome knight, The Iron Face Knight. His skills are superb in which led many great warriors to their graves. How can he match the skills of this trained knight that came from the Knights Templar? An intimate portrait of one of the great performing artists of the twentieth century This is the first complete biography of T. Balasaraswati (1918-1984), a dancer and musician from southern India who became recognized worldwide as one of the great performing artists of the twentieth century. In India she was a legend in her own time, acclaimed before she was thirty years old as the great dancer of traditional bharata natyam. Balasaraswati was a passionate revolutionary, an entirely modern artist whose impact was proclaimed by some of the most prominent figures in contemporary dance in India and the West. Her art and life defined the heart of a tradition. Her life story offers an extraordinary view of the enigmatic matrilineal devadasi community and traditional artistic practice from which modern South Indian dance styles have emerged. This deeply engaging biography draws together Balasaraswati's personal account of her life and her reflections on the process of making dance and music. It includes the commentary of family members and dozens of contemporaries from throughout her fifty-year career, revealing hereditary artistic values and conventions that have virtually disappeared in modern India. The book is generously illustrated with rare historical photos and a duotone gallery of distinguished photographers' images of Balasaraswati's dancing. Hardcover is un-jacketed. In Journey to the End of Islam, Michael Muhammad Knight — whose work has led to him being hailed as both the Jack Kerouac and Hunter S. Thompson of American Islam — wanders through Muslim countries, navigating between conflicting visions of his religion. Visiting holy sites in Pakistan, Syria, Egypt, and Ethiopia, Knight engages both the puritanical Islam promoted by Saudi globalization and the heretical strands of popular folk Islam: shrines, magic, music, and drugs. The conflict of “global” and “local” Islam speaks to Knight’s own experience approaching the Islamic world as a uniquely American Muslim with his own sources: the modern mythologies of the Nation of Islam and Five Percenters, as well as the arguments of Progressive Muslim thinkers for feminism and reform. Knight’s travels conclude at Islam’s spiritual center, the holy city of Mecca, where he performs the hajj required of every Muslim. During the rites of pilgrimage, he watches as all variations of Islam converge in one place, under the supervision of Saudi Arabia’s religious police. What results is a struggle to separate the spiritual from the political, Knight searching for a personal relationship to Islam in the context of how it's defined by the external world. From the Humblest to the Greatest tells the story of one woman's inspirational and very personal mission to chronicle the ultimate sacrifice made by the men from her town during the Great War. It was a journey which would take Susannah Knight all the way from the streets of a small working class market town in Lancashire across the vast expanse of the Atlantic Ocean to the shores of North America. Though it was always her firm intention to create a lasting legacy to the fallen in her home town of Chorley, her quest grew into something much more than that. This became an epic, single-handed mission for world peace on which she would meet prime ministers, presidents and popes - knights, kings and captains of industry and compel them all to sign the pages of her Memorial Album and thus add their weight to her personal campaign. This book follows each stage of Susannah Knight's journey, from her early life as a school teacher to the time she spent giving French lessons to local men bound for foreign shores and unaware of what lay ahead. Only after the Great War ended, however would her own quest truly begin. It was then that she started to compile the first volume of a Memorial Album which would, over the course of many years, travel with her across Europe and North America, where she would entreat figures of influence across the political, religious and social spectra and finally return home with a meaningful and lasting legacy for her town's fallen INSPIRING MOVIE QUOTES by D.L. KNIGHT contains figures with inspiring quotes from over 200 movies from 1982 to 2020. Enjoy the quotes and be inspired! The author offers 100% of his royalties to Maria, a victim of Portuguese (in)justice. According to Mahatma Gandhi, we cannot accept injustice from anyone and we must make the injustice visible. A study from Ernst & Young places Portugal as one of the most corrupted nations in the world. In Portugal, if you are poor and/or disabled, you have no legal rights, and that includes no legal rights to your own property. Maria is a victim of Portuguese (in)justice. Maria cannot live alone in her home permanently because of her poor health. Every time Maria's health allows her to go home, Maria finds a car parked in her private clearly identified parking space. When Maria called a tow truck, towing away the car parked on her private parking space was refused because, in Portugal, cars can only be towed away by tow trucks with the permission of their owners. When Maria called the police, towing away the car parked on her private parking space was likewise refused because, in Portugal, cars can only be towed away by the police from public spaces. When Maria demanded justice in a Portuguese court of (out)law, the perpetrators went unpunished and Maria was punished to pay about 10.000 to the court of (out)law, the perpetrators and the lawyers in fines and (out)law costs. Because Maria is not healthy and wealthy, Portuguese (in)justice states clearly that her property can be used by whoever wants it whenever wants it without any punishment except hers for daring to demand the exclusive use of her own property while sitting on a wheelchair or being paralyzed in a bed. Portuguese (in)justice punished Maria for daring to fight for her property rights while not being healthy and wealthy. Maria survives with less than 200 a month and if Maria does not find the equivalent of 5.000% her income, Portuguese (in)justice takes her home away, a tiny studio flat bought after decades of hard work that damaged her back permanently. An (in)justice that does not allow Maria the right of the exclusive right of her private parking space, will not hesitate to take her home away. If you are against corruption/injustice, please help Maria and do not visit Portugal or buy any Portuguese products. This book is not dedicated to the judges who did not punish the perpetrators who used Maria's private clearly identified property but punished her for legally complaining about her property being used without her permission:

António Carlos Gonçalves Carneiro da Silva (case number 14945/16.28PRT) and Maria da Luz Teles Meneses de Seabra (case number 11964/175T8PRT). This book is not dedicated to the owners of the cars who abusively parked on Maria's parking space without her permission and without any punishment: Instituto Orff do Porto - Associação Cultural (case number 11964/175T8PRT and car registration number 79-03-QA) and Torres & Condesso, Lda. (case number 14945/16.28PRT and car registration number 53-91-UV). This book is not dedicated to the public prosecutor Maria Clara Ferreira da Silva Oliveira (case number 14930/17.7T9PRT) who did not prosecute the (un)human being who told in a court of (out)law that he offers Maria's private parking space to friends whenever FC Porto plays at home (José Carlos de Sousa Tavares). Enjoy the quotes, be inspired and make Portuguese injustice worldwide visible! Knight is the fourth book in the Reed Security Series and should be read in order. The hairs on the back of my neck stood up and I stiffened. He was here. I stood and looked around the room, but I didn't see anything. Walking over to the window, I looked out into the dark, hoping that I could see something. I would rather know exactly where he was than wonder the whole night if he was going to come for me. Hot air trickled across the back of my neck. My breath hitched as I felt a hand brush against the nape of my neck as my hair was shifted over my shoulder. "You should be more careful when you're leaving work." His voice washed over me in that rough, deep tone that sent shivers down my spine. "Why did you do that?" I asked, my heart beating out of control. "He was hurting you." "I was running away. I would have gotten away." His hand brushed down my arm and then back up to rest on my shoulder. "He might have come back another night. A man like that, someone who would attack a woman just to get a fix, he doesn't deserve to live." "That's not your decision to make," I said shakily. "I made it my decision the moment he put his hands on you, and I'd do it again." I spun around and faced the man that I had last seen just a week ago. "I don't need anyone killing to protect me. I heal people and that man could have been helped." "That man was scum and if he went after you, he would go after someone else. He didn't deserve to live." "Like you?" He took a step back and his jaw tightened. "I repaid my debt. You won't see me again." "I didn't want to see you again to begin with." He backed out of my room and was gone. I had no idea how he got in or how he left. He moved so silently that I didn't hear even my noisy stairs creak. Even though the man had just killed someone in front of me, I couldn't help but still want to see him again, no matter what I said. He intrigued me and terrified me all at the same time. I turned back to the window and stared out into the night, wondering if I would see him again. He's no white Knight Hudson McGuire- Ex-Marine and good friend of Hunter "Pappy" Papacosta. Garrick Knight- Badass assassin on a crusade to rid the world of those he deems unworthy. Both men are lethal. Both men are obsessed with Kate Whittemore. Both men are the same man, but only one can convince Kate that he's the man for her. Knight I was dishonorably discharged from the military after I killed my superiors. They were profiting off soldier's deaths and I wouldn't stand for it. They were righteous kills and I stand by what I did. I was sentenced to prison, but Pappy made sure I never saw the inside of a prison cell. Ever since then, I've been working as a gun for hire, taking on any job that rids the world of the scum of the earth. Then I met up with Pappy again and all my plans went to shit. I found myself working for the good guys once again and ended up in the hands of an angel. Kate I'm a doctor and I own my own practice in town. I never wanted to be a part of the crazy schedules of the hospital and wanted to have a personal connection with my patients. That started to change a little when my cousin, Cole called me to take care of a woman he found in the woods. Ever since then, I've become a sort of on-call doctor for his friend, Sebastian at Reed Security. Then, I got called in to take care of a gun shot victim that completely changed my world. I see him watching me from afar. He thinks I don't know he's there, but I can feel his eyes on me all the time. I know he's not a good man, but I can't help but want to know more about him. He trains as a Templar Knight, travelling first to the Holy Land, then to Sicily and ending in Spain. His quests across the Mediterranean Sea bring him to the courts of the most powerful men of his time, from the King of Jerusalem, to the Byzantine Emperor, and to the court of Roger II of Sicily. He becomes a pawn in the hands of the rulers he has pledged his fidelity to, experiencing both the treacheries and the horrors of war, in all its ruthlessness, and the diplomacies extended to him, from people of all faiths. His adventures begin when the mysterious words of a fortune teller tell him, “The lion will travel to the east but will settle to the west. You are destined for victories in many battles but none of them will bring you glory and only your enemies will recognize your true value... Remember that the cross and the crescent moon are both in your destiny and they will always cause you struggles. Three times you will fall in love but only one will bring you happiness and joy.” Oliver has no idea these prophetic words will set him on the most fantastic journey of his life.

Welcome to THE book on NLP. The essence of NLP is the ability to study and reproduce excellence in yourself and to support others to do the same. NLP AT WORK helps you do that by developing an attitude of curiosity, naivety and learning - and giving you the ability to improvise with skill in real-time. Neuro Linguistic Programming is how you make sense of your world and, most importantly, how you make it what you want it to be: \* Neuro: the way you filter and process your experience through your senses. \* Linguistic: the way you interpret your experience through language. \* Programming: the way you make sense of your experience to create your personal programme. NLP AT WORK is one of the most popular books ever published on the practical skills of NLP and how it can be applied in business. It transformed NLP from a peripheral art into an accessible, practical concept with relevant applications in the areas of influence, communication, negotiation, teamwork and coaching. This major new edition has been revised throughout and expanded to include a new section on coaching with NLP, showing how this approach is so different to traditional methods, and a new chapter on Metamessages. Clear, readable and jargon free, this book will help you get to the essence of what makes you and your business excellent and unique. Composed during the fourteenth century in the English Midlands, Sir Gawain and the Green Knight describes the events that follow when a mysterious green-coloured knight rides into King Arthur's Camelot in deep mid-winter. The mighty knight presents a challenge to the court: he will allow himself to be struck by one blow, on the condition that he will be allowed to return the strike on the following New Year's Eve. Sir Gawain takes up the challenge, decapitating the stranger - only to see the Green Knight seize up his own severed head and ride away, leaving Gawain to seek him out and honour their pact. Blending Celtic myth and Christian faith, Gawain is among the greatest Middle English poems: a tale of magic, chivalry and seduction.
