*Coasters 101* Mar 27 2020 Have you always wanted to learn more about how roller coasters work? I'm not talking about the basic "roller coasters use gravity!" descriptions you're used to. I'm talking about learning in-depth about the nitty gritty engineering details, like: How do roller coaster engineers know what size motor is needed to pull the train to the top of the lift hill and how much will it cost to operate it? What material are the wheels made out of and how does it affect the performance of the ride? What is the difference between LIM and LSM propulsion? How does the control system on a racing or dueling coaster time up the near collision moments perfectly every single time? All of these questions and more are answered in the latest edition of *Coasters 101: An Engineer's Guide to Roller Coaster Design*. "I thought it was great. It was a good first look at roller coaster design. It also gave great information and details about roller coasters in general." - Adrina from Goodreads "Thanks for writing a very good book. I could not put it down. Lot's of great information. I am a technology and engineering teacher and the information I found here is very helpful in trying to get students more excited about engineering." -Amazon reviewer

**Fossil Hunting 101** Jan 30 2023 Buy this book at your own risk. It will destroy your illusions, but may haunt you in your dreams. It will tell you why fossil hunting is worth your time, but why you never get rich with it. It will tell you how to swing your hammer and why you have to keep an open ear when collecting close to a quarry wall. It will tell you how to collect with your children and why it is a bad idea to dig for dinosaurs in Alberta. You will learn that your old dividers from school are excellent preparation tools and that putting a name on a fossil is the least important thing you have to worry about. Stay away if you mind occasional mature language and political incorrectness. Get it when you want a short guide to fossil collecting and you have really absolutely no idea how to start with it.
