Mercedes W113 Oct 03 2020 In 1963 the Mercedes W113 replaced two cars: the 300 SL racing legend and the successful 190 SL. In the process, the 230/250/280 SL two-seat coupe/roadster became an icon not only by carving out the perfect niche between its two predecessors, but also by being like no other car on the road. Mercedes W113 - The Complete Story explores both the technical and social side of how this legend was born. The book covers: the W113's predecessors - the 300 SL and the 190 SL; design and development of the 230, 250 and 280 SL models, including the distinctive concave 'Pagoda' roof and the 'Californian Coupe' rear seat option; Bela Barenyi's innovations that made the 230 SL the first 'safety sports car'; rallying successes for the W113; the R107 successor, with specialist advice on 'Pagoda' restorations, and the W113 in popular culture. Superbly illustrated with 249 colour photographs.

Addressing Challenging Moments in Psychotherapy Oct 15 2021 "This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy,

whether within the context of individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, *Challenging Moments in Psychotherapy* is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--

Iranian Loanwords in Syriac May 22 2022 The book investigates the deep linguistic contact between Iranians and Arameans from the formation of the Achaemenid empire onwards, and focuses especially on the linguistic relationship between Middle Persian and Classical Syriac during the Sasanian empire, a subject on which a modern systematic study was still missing. The first part of the book is a detailed study of the historical and linguistic conditions which favoured the entry of a great number of Iranian words into Syriac and the linguistic consequences of such borrowings. The second part contains, in dictionary form, hundreds of entries in which each single Iranian loanword is considered, together with its etymon, alternative forms, and derivatives. Each entry also includes a list of occurrences and the relevant bibliography. A complete index of words closes the volume. The study of the prolonged contact between such prestigious languages as Syriac and Middle Persian, that are only attested in written records, enriches our knowledge of the typologies of language interference and bilingualism in ancient society. More specifically, it allows to recover a considerable amount of

otherwise unattested Middle Persian vocabulary and provides new insights into the linguistic systems of both Syriac and Middle Persian.

Mercedes-Benz 300SL Dec 05 2020 In 1952 Mercedes-Benz astonished the racing world with the successes it achieved with its 300SL, exploiting an advanced space-type frame and aerodynamic body with gullwing doors. Already the subject of a Ludvigsen Library Series book, the racing 300SL inspired the creation of a production

version, which first took flight in 1954. The 300SL stunned critics and experts alike with its fabulous performance—more than 150 miles per hour—exotic looks and superb build quality. Not just a pretty face, the 300SL was also extremely successful in competition on both sides of the Atlantic. The original coupe was followed by a roadster version in 1957; in all, 3,258 were made. Drawing on his unmatched archive of Mercedes-Benz photos, including coverage by Rudy Mailander and Edward Eves of the 300SL production line, Karl Ludvigsen presents the 300SL in all its glory. He also draws on his own experience as an owner of one of these great cars.

The Ultimate Betrayal Feb 04 2021 It's been four years since twenty-eight-year old Alicia Black, daughter of Reverend Curtis Black, divorced her second husband, the most womanizing and corrupt man she has ever known. Since then, Alicia has been dating her first husband, Phillip Sullivan, a wonderfully kind and true man of God whom she'd hurt terribly by cheating on him. Alicia has worked hard to prove herself worthy of his trust once more, and when he asks her to marry him again, she couldn't be happier. But Levi Cunningham, the drug dealer Alicia had an extramarital affair

with, has just been released from prison, and he has completely turned his life around for the better. Still head-over-heels in love with Alicia, he will do whatever is necessary to win her back. Remarrying Phillip is the one thing Alicia has wanted for years, but she can't get Levi out of her mind. Alicia and Phillip aren't the only ones in the middle of a crisis. Their best friends, husband and wife Brad and Melanie Richardson, are struggling to keep their marriage together. Workaholic Brad is never home and has begun losing thousands on bad investments. Or so he says. Melanie, who is certain there's more to the story, is determined to get at the truth. At the same time, her frustration and stress cause her to eat a lot less, and she behaves in an extreme fashion. Alicia worries that she could be suffering from anorexia, but Melanie steadfastly denies it. Their friendship begins to suffer, and it isn't long before they're talking to each other like enemies. Fresh betrayal leads to consequences no one saw coming, and Alicia's relationship with Phillip might not be the only thing that needs saving. But is it already too late? Email: kim@kimroby.com

Mercedes-Benz 300 SLR Mar 27 2020 When Mercedes-Benz returned to motor racing in the 1950s it did so with an aggressive attack across the board. The magnificent 300SLR took Stirling Moss to a record-shattering victory in the Mille Miglia and (with Peter Collins) in the grueling Targa Florio. Other track victories took Mercedes-Benz to the World Manufacturers Championship that year. Tragedy struck as well: a 300SLR went into the crowd at Le Mans, resulting in 82 deaths and many injuries. With unique and rarely seen images, Karl Ludvigsen presents the dramatic story of these racers with their tubular space frames, inboard brakes and fuel-injected desmodromic-valved, eight-cylinder engines. Covers the secret tests at Hockenheim, the never-raced coupe version of the 300SLR and the model prepared for 1956 - a season that these cars never experienced.

A Glossary of Targum Onkelos Jan 18 2022
Targum Onkelos is the oldest complete Jewish

Aramaic translation of the Pentateuch, and it has played a major role in Jewish exegesis throughout the centuries. Although the vocabulary of Onkelos has been included in the major rabbinic dictionaries, there has never been a volume devoted solely to the vocabulary of Onkelos. This glossary, based on the standard critical edition, includes all of the vocabulary of the targum, plus geographical names, with bibliographical references to cognates in other Aramaic dialects. It will be a major help both to students first encountering the language of the Targum, as well as to specialists seeking a thorough treatment of its lexical features.

Feb 25 2020 With prices for the older Mercedes-Benz models, such as the 'Pagoda' and W107 SLs heading ever higher, many enthusiasts are now starting to look at the R129 series SL.
