Here Gruwell goes in depth and shares her unconventional but highly successful educational strategies and techniques (all 150 of her students, who had been deemed "unteachable," graduated from Wilson High School in Long Beach, California): from her very successful "toast for change" (an exercise in which Gruwell exhorted her students to leave the past behind and start fresh) to writing exercises that focus on the importance of journal writing, vocabulary, and more. **Teacher's Guide to Anger Management** Jul 15 2021 As schools are making efforts to include children with emotional and behavioural problems, teachers are having to deal with angry and violent pupils almost every day. Paul Blum's latest book offers a recognisable, blunt and truthful account of widespread and often quite horrendous problems affecting teachers today, and offers practical strategies and solutions. He provides basic day-to-day guidance as well as help for the longer term PSHE planning for schools, based on his own adaptation of the highly successful 'Everyman' project. Issues discussed include a practical survey for teachers on the types of incidents they have to deal with, where anger comes from, the problems that anger causes, and strategies which can be used to help individual pupils. A teacher's inability to deal with difficult pupils can affect their professional and personal life, as well as their ability to successfully teach all their pupils. This essential book offers guidance when they need it most, offering a life-line to teachers in difficult circumstances.
