**The War in the West - A New History** Mar 30 2020 From the top ten bestselling author of *Normandy 44* and *Sicily 43* The Second World War is the most cataclysmic and violent sequence of events in recent times. But for the past seven decades, our understanding of it has relied upon conventional wisdom, propaganda and an interpretation skewed by the information available. James Holland has spent over twelve years conducting new research, interviewing survivors, visiting battlefields and archives that have never before been so accessible and challenging too-long-held assumptions about the war that shaped our world. In *Germany Ascendant*, the first part of this groundbreaking new history, James Holland introduces the war, beginning with the lead-up to its outbreak in 1939 and taking us up to mid-1941 as the Nazis prepared to unleash Operation Barbarossa, the invasion of Russia. To tell the real story, he weaves together the experiences of dozens of individuals, from civilians and soldiers, to sailors, pilots, leading military strategists, industrialists and heads of state, and uncovers the strategy, tactics and events that informed not only the military aspects of the war but also the economic, political, and social aspects too. *The War in the West* is a truly monumental history of the war on land, in the air, and at sea. In it, James Holland has created a captivating and epic narrative which redefines and enhances our understanding of one of the most significant conflicts in history.

[Lessons of the war with Spain and other articles](#) Jan 27 2020 "Lessons of the war with Spain and other articles" by A. T. Mahan. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

*The War Years* Jul 15 2021 For discussion of the Holocaust see "The New Order and the War against the Jews" (pp. 124-129), "Jewish Resistance" (pp. 155-158), "The Allies and the Holocaust" (pp. 182-184), and scattered additional references.

**HIST OF THE 6TH NEW HAMPSHIRE** Jul 03 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**The Art of War for Women** Jan 01 2023 Forget everything you think you know about strength, strategy and success. This brilliant adaptation of the ancient masterpiece *The Art of War* shows women how to use Sun Tzu's

philosophy to win in every aspect of life. Would you like to transform your weaknesses into strengths? Succeed at work without compromising your ethics? Integrate your style and personal philosophy into every action you take? If so, this book is for you. In *The Art of War for Women*, bestselling author Chin-Ning Chu brings the eternal wisdom of philosopher-general Sun Tzu to women looking to gain a better understanding of who they are--and, more importantly, who they want to be. Although Sun Tzu's book is about the application of strategies and determining the most efficient way of gaining victory with the least amount of conflict, every one of those strategies begins with having a deep understanding of the people and the world around us. They also require us to understand ourselves--our strengths and weaknesses, our goals and fears. In other words, the aim is not to apply a series of rules coldly and dispassionately, but rather to integrate ourselves and our unique talents into the strategies we will employ. This is not a feel-good book. (But you will feel good after reading it.) It is not a motivational book. (But you will be motivated to achieve what you want, once you are done.) Ultimately, its purpose is to provide women with the strategies we all need to overcome the obstacles that stand in the way of our goals and dreams. Sun Tzu's *Art of War* is the most influential book on strategy ever published, selling tens of millions of copies worldwide in several editions. Written by one of today's foremost authorities on Sun Tzu, *The Art of War for Women* is sure to become a classic in its own right.

**Redemption's Blade** Sep 16 2021

**The Patriotism of Illinois** Jan 09 2021

**War for the Planet of the Apes #1** Mar 11 2021 San Francisco lies in ruin, as the war for survival between man and ape rests on the shoulders of one solitary soul.

**Outside the Wire** Nov 18 2021 A remarkable collection of first-hand accounts written by soldiers, doctors and aid workers on the front lines of Canada's war in Afghanistan. Visceral, intimate and captivating in ways no other telling could be, *Outside the Wire* features nearly two dozen stories by Canadians on the front lines in Afghanistan, including the previously unpublished letters home of Captain Nichola Goddard, the first female NATO soldier killed in combat, and an introductory reflection by Roméo Dallaire. Collected here are stories of battle and the more subtle engagements of this little-understood war: the tearful farewells; the shock of immersion into a culture that has been at war for thirty years; looking a suicide bomber in the eye the moment before he strikes; grappling with mortality in the Kandahar Field Hospital; and the unexpected humour that leavens life in a warzone. Throughout each piece the passion of those engaged in rebuilding this shattered country shines through, a glimmer of optimism and determination so rare in multinational military actions--and so particularly Canadian. In *Outside the Wire*, award-winning author Kevin Patterson and co-editor Jane Warren have rediscovered the valour and horror of sacrifice in this, the definitive account of the modern Canadian experience of war. From the Hardcover edition.

**The War for Peace** Jun 13 2021 In this book, first published in 1940, Leonard Woolf lays out the necessity for the establishment of a system providing for the rule of international law and cooperation, control of international power and collective defence against international aggression. He lays bare the issues at stake in the Second World War and draws lines on which a lasting peace could be framed.

*Who is to Blame for the War?* Jun 01 2020

McClellan's Own Story Oct 06 2020

**Desert Victory** May 25 2022 Analyzes the Persian Gulf War, describes the strengths and weaknesses of the Coalition forces, and evaluates the strategies and weapons used in the war.

**The War for the Common Soldier** Apr 23 2022 How did Civil War soldiers endure the brutal and unpredictable existence of army life during the conflict? This question is at the heart of Peter S. Carmichael's sweeping new study of men at war. Based on close examination of the letters and records left behind by individual soldiers from both the North and the South, Carmichael explores the totality of the Civil War experience--the marching, the fighting, the boredom, the idealism, the exhaustion, the punishments, and the frustrations of being away from families who often faced their own dire circumstances. Carmichael focuses not on what soldiers thought but rather how they thought. In doing so, he reveals how, to the shock of most men, well-established notions of duty or disobedience, morality or immorality, loyalty or disloyalty, and bravery or cowardice were blurred by war.

The Book of War: Includes The Art of War by Sun Tzu & On War by Karl von Clausewitz Apr 04 2023 Two classic works of military strategy that shaped the way we think about warfare: *The Art of War* by Sun Tzu and *On War* by Karl von Clausewitz, together in one volume "Civilization might have been spared much of the damage suffered in the world wars . . . if the influence of Clausewitz's *On War* had been blended with and balanced by a knowledge of Sun Tzu's *The Art of War*."—B. H. Liddel Hart For two thousand years, Sun Tzu's *The Art of War* has been the indispensable volume of warcraft. Although his work is the first known analysis of war and warfare, Sun Tzu struck upon a thoroughly modern concept: "The supreme art of war is to subdue the enemy without fighting." Karl von Clausewitz, the canny military theorist who famously declared that war is a continuation of politics by other means, also claims paternity of the notion "total war." *On War* is the magnum opus of the era of the French Revolution and the Napoleonic wars. Now these two great minds come together in a single volume that also features an introduction

by esteemed military writer Ralph Peters and the Modern Library War Series introduction by Caleb Carr, New York Times bestselling author of *The Alienist*. (The cover and text refer to *The Art of War* as *The Art of Warfare*, an alternate translation of the title.)

*From the Marne to Verdun* Dec 08 2020 Charles Delvert's diary records his career as a front-line officer in the French army fighting the Germans during the First World War. It is one of the classic accounts of the war in French or indeed in any other language, and it has not been translated into English before. In precise, graphic detail he sets down his wartime experiences and those of his men. He describes the relentless emotional and physical strain of active service and the extraordinary courage and endurance required in battle. His account is essential reading for anyone who is keen to gain a direct insight into the Great War from the French soldier's point of view, and it bears comparison with the best-known English and German memoirs and journals of the Great War.

**The war that won't die** Nov 30 2022 The war that won't die charts the changing nature of cinematic depictions of the Spanish Civil War. In 1936, a significant number of artists, filmmakers and writers – from George Orwell and Pablo Picasso to Joris Ivens and Joan Miró – rallied to support the country's democratically-elected Republican government. The arts have played an important role in shaping popular understandings of the Spanish Civil War and this book examines the specific role cinema has played in this process. The book's focus is on fictional feature films produced within Spain and beyond its borders between the 1940s and the early years of the twenty-first century – including Hollywood blockbusters, East European films, the work of the avant garde in Paris and films produced under Franco's censorial dictatorship. The book will appeal to scholars and students of Film, Media and Hispanic Studies, but also to historians and, indeed, anyone interested in why the Spanish Civil War remains such a contested political topic.

**A World in Ferment** Feb 19 2022

*On War* Jan 21 2022 Writing at the time of Napoleon's greatest campaigns, Prussian soldier and writer Carl von Clausewitz created this landmark treatise on the art of warfare, which presented war as part of a coherent system of political thought. In line with Napoleon's own military actions, he illustrated the need to annihilate the enemy and make a strong display of one's power in an 'absolute war' without compromise. But he was also careful to distinguish between war and politics, arguing that war could only be justified when debate was no longer adequate, and that if undertaken, its aim should ultimately be to improve the wellbeing of the nation.

The First World War Feb 28 2020 Raging for over four years across the tortured landscapes of Europe, Africa and the Middle East, the First World War changed the face of warfare forever. Characterized by slow, costly advances and fierce attrition, the great battles of the Somme, Verdun and Ypres incurred human loss on a scale never previously imagined. This book, with a foreword by Professor Hew Strachan, covers the fighting on all fronts, from Flanders to Tannenberg and from Italy to Palestine. A series of moving extracts from personal letters, diaries and journals bring to life the experiences of soldiers and civilians caught up in the war.

**Young Folk's History of the War for the Union** Sep 28 2022

*Ninja: War for the Dominions* Oct 30 2022 The Great Beasts have been unleashed. The war has begun. Gaming superstar Ninja returns in the sequel to the graphic novel *Ninja: The Most Dangerous Game!* Empowered by the show of resilience from Ninja and his friends in the Ketterung—a broadcasted battle-royale game realm controlled by evil overlord Strigus Thule—the people in all of Thule's 1000 Dominions are now rebelling. In response, Thule decides to unleash his Great Beasts, the most powerful victors from previous games, kept to serve as the villainous gamemaster's tools for all of eternity. Rather than use their remaining energy to return home at the end of their game, Ninja convinces his friends to stay and help him free the Dominions from Thule's tyrannic rule. Will the tenacity, integrity, and camaraderie that kept our hero and his crew alive in the first challenge help them defeat the horrifying Great Beasts—and Strigus Thule himself?

Letters of a Family During the War for the Union, 1861-1865 Feb 07 2021 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. But, with this book, your child can learn all about this time period, and what it meant for society. Pick up a copy today to learn more about this and the impact this war had on society.

*The War of the Worlds* Aug 04 2020 Themes: Hi-Lo, adapted classics, low level classics, graphic novel. These literary masterpieces are made easy and interesting. This series features classic tales retold with color illustrations to introduce literature to struggling readers. Each 64-page softcover book retains key phrases and quotations from the original classics. Do UFO's really exist? Could creatures from another planet visit Earth? In *The War of the Worlds* they do exist and the visitors from the planet Mars come to Earth with not so friendly intentions- to destroy our civilizations! Can humans stop these monstrous invaders before they destroy everything and everyone on Earth?

**After the War** Jul 27 2022

The War on the West Aug 16 2021 The brilliant and provocative new book from one of the world's foremost political writers 'The anti-Western revisionists have been out in recent years. It is high time that we revise them in turn...' In *The War on the West*, international bestselling author Douglas Murray asks: if the history of humankind is a history of slavery, conquest, prejudice, genocide and exploitation, why are only Western nations taking the blame for it? It's become, he explains, perfectly acceptable to celebrate the contributions of non-Western cultures, but discussing their flaws and crimes is called hate speech. What's more it has become acceptable to discuss the flaws and crimes of Western culture, but celebrating their contributions is also called hate speech. Some of this is a much-needed reckoning; however, some of it is part of a larger international attack on reason, democracy, science, progress, and the citizens of the West by dishonest scholars, hatemongers, hostile nations and human rights abusers hoping to distract from their ongoing villainy. In *The War on the West*, Douglas Murray shows how many well-meaning people have been lured into protests and polarisation by such lies and hypocrisy. A blistering and important polemic, Murray's latest book carefully and methodically shows how far political discourse has strayed in Europe and America from its stated goals: justice and equality. Propelled by an incisive deconstruction of inconsistent arguments and activism, towards a clarion call for the defence of enlightenment values, *The War on the West* is one of the most important books for a generation, cementing Murray as one of the world's foremost political writers.

*The War for the Seas* Nov 06 2020 A bold and authoritative maritime history of World War II which takes a fully international perspective and challenges our existing understanding Command of the oceans was crucial to winning World War II. By the start of 1942 Nazi Germany had conquered mainland Europe, and Imperial Japan had overrun Southeast Asia and much of the Pacific. How could Britain and distant America prevail in what had become a "war of continents"? In this definitive account, Evan Mawdsley traces events at sea from the first U-boat operations in 1939 to the surrender of Japan. He argues that the Allied counterattack involved not just decisive sea battles, but a long struggle to control shipping arteries and move armies across the sea. Covering all the major actions in the Atlantic and Pacific oceans, as well as those in the narrow seas, this book interweaves for the first time the endeavors of the maritime forces of the British Empire, the United States, Germany, and Japan, as well as those of France, Italy, and Russia.

To Conquer and to Keep Feb 02 2023 This book details the campaigns of Louis-Gabriel Suchet in the Peninsular War. The only one of Napoleon's marshals to earn his baton in Spain, Suchet conquered Aragon, Lower Catalonia, and Valencia in a string of brilliant sieges and battles against both Spanish regular and guerrilla forces.

**The Book of the War** May 05 2023 Marking the first five decades of the conflict, *THE BOOK OF THE WAR* is an A to Z of a self-contained continuum and a complete guide to the Spiral Politic, from the beginning of recordable time to the fall of humanity.

*Italy's War for a Desert* Sep 04 2020 Excerpt from *Italy's War for a Desert: Being Some Experiences of a War-Correspondent With the Italians in Tripoli* About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. **We're Here to Win the War for You** Aug 28 2022 Asked why he was in Britain, a US serviceman, fighting the war in the skies over Germany with the US 8th Air Force quipped, 'We're here to win the war for you'. Martin Bowman has spent much of the past two decades recording the memories of hundreds of American airmen who came to Britain to fight the Germans and Italians.

**The War that Ended Peace** Mar 03 2023 WINNER of the International Affairs Book of the Year at the Political Book Awards 2014 Longlisted for the Samuel Johnson Prize 2013 The First World War followed a period of sustained peace in Europe during which people talked with confidence of prosperity, progress and hope. But in 1914, Europe walked into a catastrophic conflict which killed millions of its men, bled its economies dry, shook empires and societies to pieces, and fatally undermined Europe's dominance of the world. It was a war which could have been avoided up to the last moment-so why did it happen? Beginning in the early nineteenth century, and ending with the assassination of Arch Duke Franz Ferdinand, award-winning historian Margaret MacMillan

uncovers the huge political and technological changes, national decisions and -- just as important--the small moments of human muddle and weakness that led Europe from peace to disaster. This masterful exploration of how Europe chose its path towards war will change and enrich how we see this defining moment in our history.

**The War for America, 1775-1783** Oct 18 2021 American Revolution viewed by a British historian as a single facet in England's world-wide struggle against its two great Bourbon adversaries, France and Spain.

**Privateering** May 01 2020 The first book to tell the tale of the War of 1812 from the privateers' perspective. Winner of the John Lyman Book Award of the North American Society for Oceanic History During the War of 1812, most clashes on the high seas involved privately owned merchant ships, not official naval vessels. Licensed by their home governments and considered key weapons of maritime warfare, these ships were authorized to attack and seize enemy traders. Once the prizes were legally condemned by a prize court, the privateers could sell off ships and cargo and pocket the proceeds. Because only a handful of ship-to-ship engagements occurred between the Royal Navy and the United States Navy, it was really the privateers who fought—and won—the war at sea. In *Privateering*, Faye M. Kert introduces readers to U.S. and Atlantic Canadian privateers who sailed those skirmishing ships, describing both the rare captains who made money and the more common ones who lost it. Some privateers survived numerous engagements and returned to their pre-war lives; others perished under violent circumstances. Kert demonstrates how the romantic image of pirates and privateers came to obscure the dangerous and bloody reality of private armed warfare. Building on two decades of research, *Privateering* places the story of private armed warfare within the overall context of the War of 1812. Kert highlights the economic, strategic, social, and political impact of privateering on both sides and explains why its toll on normal shipping helped convince the British that the war had grown too costly. Fascinating, unfamiliar, and full of surprises, this book will appeal to historians and general readers alike.

**The War for Kindness** Dec 28 2019 'In this masterpiece, Jamil Zaki weaves together the very latest science with stories that will stay in your heart forever' - Angela Duckworth, author of *Grit* 'Scientific, gripping, groundbreaking and hopeful. The War for Kindness is the message for our times' - Carol Dweck, author of *Mindset* Empathy has been on people's mind a lot lately. Philosophers, evolutionary scientists and indeed former President Obama agree that an increase in empathy could advance us beyond the hatred, violence and polarization in which the world seems caught. Others disagree, arguing it is easiest to empathize with people who look, talk or think like us. As a result, empathy can inspire nepotism, racism and worse. Having studied the neuroscience and psychology of empathy for over a decade, Jamil Zaki thinks both sides of this debate have a point. Empathy is sometimes an engine for moral progress, and other times for moral failure. But Zaki also thinks that both sides are wrong about how empathy works. Both scientists and non-scientists commonly argue that empathy is something that happens to you, sort of like an emotional knee-jerk reflex. Second, they believe it happens more to some people than others. This lines people up along a spectrum, with deep empaths on one end and psychopaths on the other. What's more, wherever we are on that spectrum, we're stuck there. In *The War for Kindness*, Zaki lays out a very different view of how empathy works, one that breaks these two assumptions. Empathy is not a reflex; it's a choice. We choose empathy (or apathy) constantly: when we read a tragic novel, or cross the street to avoid a homeless person, or ask a distraught friend what's the matter. This view has crucial consequences: if empathy is less a trait (like height), and more a skill (like being good at word games), then we can improve at it. By choosing it more often, we can flex our capabilities and grow more empathic over time. We can also "tune" empathy, ramping it up in situations where it will help and turning it down when it might backfire. Zaki takes us from the world of doctors who train medical students to empathise better to social workers who help each other survive empathising too much. From police trainers who help cadets avoid becoming violent cops to political advocates who ask white Americans to literally walk a (dusty) mile in Mexican immigrants' shoes. This book will give you a deepened understanding of how empathy works, how to control it and how to become the type of empathiser you want to be.

**Surviving Vietnam** May 13 2021 The war in Vietnam is a watershed moment in United States history -- the first war lost by the U.S. despite its seemingly overwhelming military might. *Surviving Vietnam* focuses on the psychological consequences, especially posttraumatic stress disorder (PTSD), of service in such a war for U.S. veterans. The diagnosis of PTSD, termed following and significantly influenced by this war, stirred controversy. Much of the initial controversy centered on a major report in 1990 of what numerous critics regarded as unrealistically high rates of this disorder in U.S. veterans. Controversy continues about whether exposure to one or more potentially traumatic events is more significant to the development and persistence of PTSD than pre-exposure personal vulnerability factors, such as age, education and prior psychiatric disorder. This book describes attempts to resolve these controversies. *Surviving Vietnam* develops a unique blend of historical material, military records, clinical diagnoses of PTSD, and interviews with representative samples of veterans surveyed approximately a decade (the National Vietnam Veterans Readjustment Study) and nearly four decades (the National Vietnam Veterans Longitudinal Study) after the war's conclusion. The book begins with a history of the Vietnam war that provides context for the discussions of mental health thereafter, the outcomes of the severity of veterans' exposure to

combat, their personal involvement in harm to civilians and prisoners, their race-ethnicity, and their military assignments. It discusses nurses' experiences in Vietnam and the psychological impact of veterans' chronic war-related PTSD on their families. *Surviving Vietnam* then examines factors affecting veterans' post-war readjustment, including the effects of changing public and veteran attitudes toward the war and the veterans' own appraisals of the impact of the war on their lives after the war. The authors conclude with a discussion of the policy implications of the research findings.

*The War of Nerves* Jun 25 2022 'Essential ... endlessly fascinating ... to read Sixsmith is to want to read more Sixsmith' Forbes More than any other conflict, the Cold War was fought on the battlefield of the human mind. And, nearly thirty years since the collapse of the Soviet Union, its legacy still endures - not only in our politics, but in our own thoughts, and fears. Drawing on a vast array of untapped archives and unseen sources, Martin Sixsmith vividly recreates the tensions and paranoia of the Cold War, framing it for the first time from a psychological perspective. Revisiting towering personalities like Khrushchev, Kennedy and Nixon, as well as the lives of the unknown millions who were caught up in the conflict, this is a gripping account of fear itself - and in today's uncertain times, it is more resonant than ever.
