Radar Instruction Manual May 27 2020 Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became

apparent that to properly instruct the trainees, even with the advanced equipment, a standardized up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. Robert J. Blackwell Assistant Secretary for Maritime Affairs

U. S. Vulnerabilities to Money Laundering, Drugs, and Terrorist Financing Nov 01 2020 The U.S. Senate Permanent Subcommittee On Investigations (PSI) issued a report in *U.S. Vulnerabilities to Money Laundering, Drugs, and Terrorist Financing*, using the global banking and financial firm, HSBC Group, as a case study. HSBC lapsed in the management of anti-money laundering and compliance issues in an effort to cut costs as the firm grew. As a result, the report suggests the sharing of information among globally systemically important financial institutions to maintain an awareness of risk alerts. The PSI suggests standards that HSBC and Office of the Comptroller of the Currency, HSBC's regulator, should uphold. The U.S. SENATE PERMANENT SUBCOMMITTEE ON INVESTIGATIONS (PSI) is a bi-partisan committee of senators that deals with Homeland Security and Governmental Affairs, and is currently headed by Senator Carl Levin (D-MI) and Senator Tom Coburn (R-OK). Formerly known as the Committee on Government Operations, PSI is the oldest subcommittee of the Senate Homeland Security Committee.
