A student-friendly and engaging resource for the 2016 Edexcel GCSE Geography B specification, this brand new course is written to match the demands of the specification. As well as providing thorough and rigorous coverage of the spec, this book is designed to engage students in their learning and to motivate them to progress. Ensure full coverage of the latest syllabus for examination from 2018 with a full-colour textbook written especially for the international student and endorsed by Cambridge Assessment International Education. - Engage students with a wide range of extracts featuring different types of text from around the world - Develop writing and reading skills with tips on how to approach different types of writing and plenty of practice exercises in each unit - Prepare your students for their examination

with practice questions and exam preparation advice This book is designed to help students build up and apply geographical skills throughout KS3. A wide range of skills are introduced in Unit 1, and then revisited and progressed in different contexts in Units 2-15 as part of a learning journey to becoming a geographer. These skills are progressed as an integral component of an enquiry process. The book provides a firm foundation for the geographical skills required at GCSE level and beyond. A wide range of geographical data is provided including satellite images and a large number of OS maps at a variety of scales, often linked to other data, such as ground and aerial photos. Progress in Geography Skills: Key Stage 3 can be used independently or alongside the Progress in Geography: Key Stage 3 Student book. Each page has a specific learning objective and skills focus, such as: - Conducting geographical enquiries; considering different points of view and making decisions - Drawing field sketches, linked to OS maps and locating places using lines of latitude and longitude on an atlas or grid references on OS maps - Understanding and drawing a wide variety of graphs - Analysis and presentation of statistical data - Comparing ground level photographs with Ordnance

Survey maps and being able to identify coastal, glacial and river landforms on OS maps - Using newspapers to investigate issues, and detect bias - Using websites, including online GIS, as part of enquiries and investigating data This text explores historical content and concepts and provides 14 history learning activities based on literary texts from a range of genre. Exam board: AQA Level: GCSE Subject: History First teaching: September 2016 First exams: Summer 2018 Target success in AQA GCSE (9-1) History with this proven formula for effective, structured revision; key content coverage is combined with exam-style questions, revision tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. With My Revision Notes every student can: - Plan and manage a successful revision programme using the topic-by-topic planner - Enjoy an interactive approach to revision, with clear topic summaries that consolidate knowledge and related activities that put the content into context - Build, practise and enhance exam skills by progressing through revision tasks and Test Yourself activities - Improve exam technique through exam-style questions and sample answers with commentary from expert authors and teachers - Get exam ready with extra quick quizzes and answers to the activities available online This title covers the following options: Period studies -

Germany, 1890-1945: Democracy and dictatorship - America, 1920-1973: Opportunity and inequality Wider world depth studies - Conflict and tension, 1918-1939 - Conflict and tension between East and West, 1945-1972 - Conflict and tension in Asia, 1950-1975 Thematic studies - Britain: Health and the people: c1000 to the present day - Britain: Power and the people: c1170 to the present day British depth studies - Norman England, c1066-c1100 - Elizabethan England, c1568-1603 Endorsed by Cambridge International Examinations The Cambridge Primary English course that is mindful of learners where English is not their first language. This Student's Book offers full coverage of the learning objectives, addresses key objectives and includes model texts and other starting points. - Ensures full coverage of the learning objectives - Contains model texts and other stimulating starting points, followed by activities - Addresses key objectives including phonics and spelling, grammar and punctuation, reading, writing and speaking and listening Hodder Cambridge Primary English aids preparation for the Progression tests and Primary Checkpoint test and offers full coverage of the Cambridge Primary English curriculum frameworks for Stages 1-6. There is a Student's Book, Workbook and a Teacher's Pack available for each stage. Exam Board: Edexcel Level: AS/A-level Subject: German First Teaching: September

2016 First Exam: June 2017 Endorsed for the Edexcel A-level specification from 2016. Develop all four language skills with a single textbook that has clear progression from GCSE and throughout the new A level. - Clear progression through four stages of learning: transition, AS, A-level and extension - Develops language skills through reading, listening, speaking and writing tasks, plus translation and research practice - Exposes students to authentic topical stimulus and film and literature tasters for every work - Equips students with the tools they need to succeed with learning strategies throughout - Prepares students for the assessment with advice on the new individual research project and essay-writing - Builds grammar skills with exercises throughout and a detailed grammar reference section Audio resources to accompany the Student Book must be purchased separately. World Englishes, Second Edition provides you with an engaging overview of the global variations in vocabulary, grammar, phonology and pragmatics of English as it is used worldwide. It introduces you to the principles of linguistics variation and provides coverage on the roots of English (including Scots), the spread of English, variation of

English as a second language, and trends for the future. Thoroughly updated in line with recent research, *World Englishes Second Edition* also includes: additional material on small native communities, the anglicization of EU agencies and the effects of media exposure full discussion throughout of internet-mediated communication, such as the language used on Facebook and in chat-rooms descriptions of twenty-first century developing varieties such as China English chapters that begin with a 'focus' question and end with a 'discussion' question to encourage you to reflect on what you are learning, chapter by chapter a revised glossary of technical terms that allows you to revise meanings quickly and easily 20 audio examples of speakers of native and non-native English from all five continents, available for you to download from <http://www.routledge.com/cw/melchers/> Offering a thorough and detailed descriptive account of all the main varieties of English across the globe, *World Englishes, Second Edition* provides a balanced discussion of political issues and the socio-linguistics background to the varieties of English spoken and written, face-to-face, on paper and online, in the twenty-first century. Gunnel Melchers is Professor Emerita, Department of English, Stockholm University. Philip Shaw is Professor, Department of English, Stockholm University. Everything you need for AQA A-level Economics rewritten and

restructured into one book from Ray Powell and James Powell for A-level teaching and learning, revised and up-to-date with new material including case studies, features and practice questions. - Ensures students are fully prepared for all the topics on the AQA A-level Economics specification, now all together in one book -Features up-to-date case studies with more questions to help students engage with and explain the latest economic developments, including the effects of Brexit - Improves students' assessment and qualitative skills with detailed practice style questions, designed to address challenges students have faced in recent A-level exams -Gets students ready for success with new content including regular content summaries, more knowledge check questions and synoptic links -Increase student confidence in understanding and explaining key economic issues with relevant examples and information in context Practical Language Testing equips you with the skills, knowledge and principles necessary to understand and construct language tests. This intensely practical book gives guidelines on the design of assessments within the classroom, and provides the necessary tools to analyse and improve assessments, as well as deal with alignment to externally imposed standards. Testing is situated both within the classroom and within the larger social context, and readers are provided the knowledge necessary to make realistic and fair decisions

about the use and implementation of tests. The book explains the normative role of large scale testing and provides alternatives that the reader can adapt to their own context. This fulfils the dual purpose of providing the reader with the knowledge they need to prepare learners for tests, and the practical skills for using assessment for learning. Practical Language Testing is the ideal introduction for students of applied linguistics, TESOL and modern foreign language teaching as well as practicing teachers required to design or implement language testing programmes. The book is supported by frequently updated online resources at <http://languagetesting.info/> including sets of scenarios providing resources to study aviation English assessment, call centre assessment, military language assessment, and medical language assessment. The materials can be used to structure debates and seminars, with pre-reading and video activities. Practical Language Testing was commended as a 2012 runner-up of the prestigious SAGE/ILTA Award for Best Book on Language Testing. Exam Board: AQA Level: AS/A-level Subject: Economics First Teaching: September 2015 First Exam: June 2016 Build knowledge of Economics through active learning with the latest Powell textbook, featuring quantitative skills practice and brand new case studies. This textbook has been fully revised to reflect the 2015 AQA A-level specification, giving you up-to-date material

that supports your teaching and will enable your students to:

- Develop subject knowledge with topic-by-topic support from Ray Powell and James Powell, who both have extensive experience in teaching and examining - Demonstrate awareness of current issues in Economics through brand new case studies that also help build analytical and evaluative skills - Use the language of economics to explain important concepts and issues effectively, with key terms identified throughout the text and glossaries for both microeconomics and macroeconomics - Build quantitative skills with worked examples - Stretch and challenge their knowledge with extension materials - Prepare for exams with practice questions and activities throughout Inspire, motivate and give confidence to your students with OCR PE for A Level Book 1.
