Wayland, Karen J. Weyant, Cherise Williams, and Amanda R. Woomer. The spirits of the dead exist, and they want to communicate. First appearing in the late 1800s, spiritualism became a religious movement that swept the nation. Under the assumption that the dead live on in the afterlife, spiritualists believed that contact with the dearly departed was not only possible, but something those who crossed over longed for. Contact was usually made through a medium, a person who claimed to have the ability to speak with the dead. *There Is No Death, There Are No Dead* tackles all aspects of the spiritualist movement: from the true believers to the nay-sayers, the hoaxes to hauntings, the real mediums to the scam artists. Includes new work from some of the most talented and respected authors in the horror and dark fantasy genres, featuring stories from Gemma Files, Helen Marshall, Kathe Koja, Lee Murray, David Demchuk, Lisa Morton, Gwendolyn Kiste, S.P. Miskowski, Seanan McGuire, Catherine Lord, Chesya Burke, Nadia Bulkin, Michelle Belanger, and Laird Barron. The dead are speaking. Will you hear? "An exceptional collection of ghost and haunting encounters—made even better

because of Michelle Belanger's firsthand experience with them, on top of her extensive knowledge of the phenomena."—Loyd Auerbach, MS, parapsychologist and director of the Office of Paranormal Investigations

Michelle Belanger's chilling collection of true ghost stories will take you further than you've ever gone before into the realm of spirits, astral entities, and dark forces. Along the way, you'll encounter haunted violins, dark fey, hell hounds, haunted cremains, and even an astral vampire summoned by an aspiring magician who becomes its unwitting target. Whether she's being accosted by an angry spirit who recently committed suicide or being driven out of haunted woods in a very Hitchcock-esque manner, Belanger's hard-won expertise and insightful commentary add both depth and context to her truly frightening—and sometimes dangerous—haunted experiences. Bound by Love Tales of Love, Sex, and Bondage This is the first erotica book from Dark Moon Press on pure BDSM themed stories by many talented authors, many of whom live the lifestyle they write about. A must have! The collection includes Lee Harrington, Michelle Belanger, Angel Rae, Veronica Kegel-Giglio, and others. The Heptameron, or Magical Elements, is a 15th Century manual of ritual magic detailing the angels summoned on each day of the week, their unique sigils, ruling planets, and astrological powers. Attributed to the Italian philosopher Peter de Abano, the Heptameron is an occult classic. This new edition is based

primarily upon the 1665 translation by Robert Turner housed at the British Museum. Featuring new translations of the Latin and extensive annotations throughout the text, this handsome book provides a guided tour through the beliefs and practices of Renaissance Europe's ceremonial magicians. The Psychic Vampire Codex is the first book to examine the phenomenon and experience of modern vampirism completely from the vampire's perspective. Father Sebastiaan, a fellow vampire writes in the foreword that Michelle Belanger's system "introduced a breath of fresh air into the vampire subculture. It freed us to look at ourselves in a new light, and it also helped those outside our community to view us differently. No longer were we parasites or predators . . . we could use our inborn abilities to help people heal." Psychic vampires are people who prey on the vital, human life energies of others. They are not believed to be undead. They are mortal people whose need for energy metaphorically connects them to the life-stealing predators of vampire myth. In The Psychic Vampire Codex, Michelle Belanger, author and psychic vampire, introduces readers to the fascinating system of energy work used by vampires themselves and provides the actual codex text widely used by the vampire community for instruction in feeding and other techniques. Belanger also examines the ethics of vampirism and offers readers methods of protection from vampires. The Psychic Vampire Codex explodes all preconceptions and myths

about who and what psychic vampires really are and reveals a vital and profound spiritual tradition based on balance, rebirth, and an integral relationship with the spirit world. What mysteries await in our weird world? Take a tour of the eerie and the unexplained courtesy of paranormal researcher Michelle Belanger. Collecting over a hundred articles from prior work with publications like the Paranormal Insider, Alternate Perceptions, and Fate Magazine, Belanger explores topics like the Bell Witch, the Hopkinsville Goblins, demonic possession among the nuns of Loudon, UFOs over ancient Egypt and much, much more. The Dictionary of Demons starts with a simple premise: names have power. In medieval and Renaissance Europe, it was believed that speaking a demon's true name could summon it, compel it, and bind it. Occult scholar Michelle Belanger has compiled the most complete compendium of demonic names available anywhere, using both notorious and obscure sources from the Western grimoiric tradition. Presented alphabetically from Ariel to Zynextyur, more than 1,500 demons are introduced, explored, and cross-referenced by theme and elemental or planetary correspondence. This meticulously researched reference work features fascinating short articles on demonology and a wealth of woodcuts, etchings, and paintings depicting demons through the ages. Speeding through the night, Zack Westland seeks to put his nightmares behind him, at least for the

moment. Yet when he stops for gas, the chattering sounds of cacodaimons remind him that there is no escape. Calling upon his abilities as one of the Anakim—a tribe of angels trapped on Earth—Zack dispatches the hideous creatures and seeks to depart before the police can arrive. Then he sees something that chills him to the bone... A man wearing his face. When a connection emerges between Zack's doppelganger and a series of ritualistic murders, Zack must call upon his every ally to find this murderer before he can strike again. For all of them are targets, and the sadistic serial killer won't stop until all are dead. An authoritative manual for psychic development, *The Psychic Energy Codex* explores the roots of modern metaphysical beliefs, including the doctrine of the subtle body in the Western tradition, the origin of belief in the chakras, and core principles behind time-honored techniques such as meditation and creative visualization. Like Belanger's *Psychic Vampire Codex*, *The Psychic Energy Codex* makes esoteric topics accessible and understandable. *The Psychic Energy Codex . . . - De-mystifies psychic experience, taking a practical, rational approach to phenomena from psychometry to spirit communication with a style that will engage beginners and experts alike - Provides many hands-on exercises that encourage readers to develop their own beliefs based on direct personal experience - Teaches readers the underlying principles of psychic phenomena that can then be applied to any interaction with*

the subtle world

Written in Belanger's engaging, almost novelistic style, the parts of this book that tell her own story draw readers into the possibility that they, too, can develop their own innate abilities. Michelle Belanger's chilling collection of true stories will take you further than you've ever gone before into the realm of spirits, astral entities, and dark forces. Along the way, you'll encounter haunted violins, dark fae, hellhounds, an astral vampire summoned by an aspiring magician who becomes its unwitting target, haunted cremains, and mysteries still unexplained. Whether Belanger is being accosted by an angry spirit who recently committed suicide or being driven out of haunted woods in a very Hitchcock-esque manner, the hard-won expertise and insightful commentary in this collection adds both depth and context to these truly frightening -- and sometimes dangerous -- haunting experiences. The intention of *Outside the Charmed Circle* is to help readers live as the truest expression of their gendered, sexual, spiritual self. It is designed to support you as you awaken to who you are, deepen your magical practice, and walk through the Pagan world. Author Misha Magdalene provides hands-on meditations, prompts, and magical workings to help you explore your identity as it intersects with your spiritual practice. With thoughtful insights on embodiment, consent, and Eros, as well as explorations of self-esteem, ability, disability, and your feelings about your body, this book helps those in the LGBTQIA+

community and their allies engage with a wide range of identities in a magical setting. Dark contemporary fantasy in the vein of Rob Thurman and Jim Butcher. The ritualistic murder of a woman reveals a plot to destroy Zack and take from him everything he values—including his identity. Speeding through the night, Zack Westland seeks to put his nightmares behind him, at least for the moment. Yet when he stops for gas, the chattering sounds of cacodaimons remind him that there is no escape. Calling upon his abilities as one of the Anakim—a tribe of angels trapped on Earth—Zack dispatches the hideous creatures and seeks to depart before the police can arrive. Then he sees something that chills him to the bone... A man wearing his face. When a connection emerges between Zack's doppelganger and a series of ritualistic murders, Zack must call upon his every ally to find this murderer before he can strike again. For all of them are targets, and the sadistic serial killer won't stop until all are dead. A devilishly fun romp through the alphabet in the tradition of Edward Gorey. Inspired by Michelle Belanger's *Dictionary of Demons* and illustrated by artist Jackie Williams. Madcap, witty, and irreverent at times, this is a picture book for adults and not children. A submissive new to the scene gets more than she bargained for when she gives herself up to two voracious dominants. A young woman looking to hook-up at a bar learns too late that her intended partner is literally the man of her dreams. And

a loving dom promises to adorn his sub's flesh with marks that she'll never forget... All these tales and more invite you to surrender your lust and desire to the lyrical words of author Michelle Belanger. How do you tell the difference between the symbol for the Order of the Eastern Star and a Pentagram? What does a Wiccan mean when she says she practices witchcraft? Paranormal State's Michelle Belanger explores the complex and sometimes confusing realm of the occult, outlining the history of the Western tradition, defining key terms, and exploring the meaning of a variety of icons and symbols. When paranormal investigation takes you into the realm of the unknown, this is the book to have at your side. With its quick-reference guide of terms and definitions, it will quickly become a must-have for all the members of your team. No single book ever before has brought together the history, theory and practice of dreamwalking--entering into another's dreamspace, even though you may be physically at a great distance. Michelle Belanger, the author of *Psychic Vampire Codex*, takes readers on an adventure into the subconscious world of dreams, territory that no amount of psychology or research has fully charted. This absorbing account, beginning with the author's own first experience of dreamwalking in a school bus as a child, both explains the phenomenon and teaches the techniques of dreamwalking. Learn to set up a dream space and a dream gate. Harness your dreaming mind to visit distant

family members, pass vital messages to friends, even start secret trysts with your lover! Nobody knows exactly what happens when we dream, but practicing dreamwalking can and will open a whole new world in which the connections between ourselves and our spirit selves and others, as well as the meaning of dreams and the relationship of dreaming to other energy work and magick become clear.
