Gust Front, Second Edition Feb 02 2023 Now with all new content by John Ringo! The aliens had arrived With gifts, warnings, and an offer we couldn't refuse.... Our choice was simple: we could be cannon fodder, or we could be ... fodder. We could send our forces to fight and die (as only humans can) against a ravaging horde that was literally feeding on its interstellar conquests³/₄or remain as we were³/₄virtually weaponless and third in line for brunch. We chose to fight. Thanks to alien technology and sheer guts, the Terrans on two worlds fought the Posleen to a standstill. Thank God there was a moment to catch our breath, a moment, however brief, of peace³/₄. Now, for the survivors of the Barwhon and Diess Expeditionary Forces, it was a chance to get some distance from the blood and misery of battle against the Posleen centaurs. A blessed chance to forget the screams of the dying in purple swamps and massacres under searing alien suns. For Earth it was an opportunity to flesh out their force of raw recruits with combat-seasoned veterans. Political, military and scientific blundering had left the Terran forces in shambles-and with the Posleen Invasion only months away, these shell-shocked survivors might be the only people capable of saving the Earth from devastation. If the veterans had time to lick their wounds. Because the Posleen don't read schedules. At the publisher's request, this title is sold without DRM (Digital Rights Management).

There Will be Dragons, Second Edition Nov 18 2021 Now with all new content by John Ringo! Paradise Lost In the future there is no want, no war, no disease nor ill-timed death. The world is a paradise³/₄and then, in a moment, it ends. The council that controls the Net falls out and goes to war. Everywhere people who have never known a moment of want or pain are left wondering how to survive. But scattered across the face of the earth are communities which have returned to the natural life of soil and small farm. In the village of Raven's Mill, Edmund Talbot, master smith and unassuming historian, finds that all the problems of the world are falling in his lap. Refugees are flooding in, bandits are roaming the woods, and his former lover and his only daughter struggle through the Fallen landscape. Enemies, new and old, gather like jackals around a wounded lion. But what the jackals do not know is that while old he may be, this lion is far from death. And hidden in the past is a mystery that has waited until this time to be revealed. You cross Edmund Talbot at your peril, for a smith is not all he once was. . . . At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for the Science Fiction of John Ringo "MARVELOUS!" ³/₄David Weber "Explosive. . . . The council that controlled the Net fell out and went to war, while people who had never known a moment of want or pain were left wondering how to survive. Duke Edmund Talbot has been assigned a simple mission: Go to the Southern Isles and make contact with the scattered mer-folk³/₄those who, before the worldwide collapse of technology, had altered their bodies in the shape of mythical sea-dwelling creatures. He must convince them to side with the Freedom Coalition in the battles against the fascist dictators of New Destiny. Just a simple diplomatic mission. That requires the service of a dragon-carrier and Lieutenant Herzer Herrick, the most blooded of the Blood Lords³/₄because New Destiny has plans of its own. Sanctuary Sep 04 2020 Alien meets Alexandra Bracken's *The Darkest Minds* in this thrilling debut novel about prison-guard-in-training, Kenzie, who is taken hostage by the superpowered criminal teens of the Sanctuary space station—only to have to band together with them when the station is attacked by mysterious creatures. Kenzie holds one truth above all: the company is everything. As a citizen of Omnistellar Concepts, the most powerful corporation in the solar system, Kenzie has trained her entire life for one goal: to become an elite guard on Sanctuary, Omnistellar's space prison for superpowered teens too dangerous for Earth. As a junior guard, she's excited to prove herself to her company—and that means sacrificing anything that won't propel her forward. But then a routine drill goes sideways and Kenzie is taken hostage by rioting prisoners. At first, she's confident her commanding officer—who also happens to be her mother—will stop at nothing to secure her freedom. Yet it soon becomes clear that her mother is more concerned with sticking to Omnistellar protocol than she is with getting Kenzie out safely. As Kenzie forms her own plan to escape, she doesn't realize there's a more sinister threat looming, something ancient and evil that has clawed its way into Sanctuary from the vacuum of space. And Kenzie might have to team up with her captors to survive—all while beginning to suspect there's a darker side to the Omnistellar she knows.

The Hero Jan 01 2023 A Deranged Human Who Lives to Deal Death Stalks an Alien Who Cannot Bear to Kill, with the Galaxy's Future in the Balance. Science Fiction Adventure in the Posleen War Universe from a New York Times Best-Selling Author and a New Star of Military Science Fiction. It's a matter of trust. For thousands of years the Darhel, a warrior species conditioned to be incapable of killing, manipulated and controlled the human race. Then the humans threw off their yoke and, as humans tend to do, attempted to exterminate them. Now, for the first time, a Darhel has been assigned to the elite Deep Reconnaissance Team commandos. Trust, in a small unit, is vital. And there was no trust to be had on either side. But when the mission encountered an alien device worth more than a king's ransom, it was the humans who betrayed the trust. Now the despised Darhel must race against the team's sniper to prevent the artifact falling into the wrong hands. The Darhel has empathic powers, superhuman strength and the speed of a cheetah. The sniper has years of experience and enormous ability. The sniper can kill. The Darhel cannot. The fate of the galaxy and the human race for the next thousand years hangs in the balance and that balance rests on the shoulders of a Darhel. East of the Sun and West of the Moon Jul 15 2021 "When the council that controlled the world spanning computer Mother fell out in civil war, it plunged the world in an instant from high-tech utopia to medieval nightmare. Critical to the little remaining technology that was left were the Helium Three reactors that powered the world-wide power grid. And the refueling ship that returned from the outer planets every five years." "With the ship on its way back for the five year rendezvous, every faction on the planet was hungry to capture the tanker, and the power that went with it." "Megan Travante, former slave girl, assassin and currently one of the thirteen super-powerful "Key Holders" that control the world-spanning computer network called Mother, has become deeply entrenched in the political infighting that characterizes the New Destiny capital. In that role she is swained by her "very close, personal, friend" Herzer Herrick, the Blood Lord's Blood Lord, who would much prefer to be splitting orc heads or riding dragons. He wouldn't mind so much if he was at least getting some." "When Herzer and Megan are trapped as replacements for the slaughtered first team, life becomes a nightmarish scramble to find qualified personnel and train and prepare for the toughest space-walk of all time. All while being assaulted by giant metallic scorpions and trying to resolve their "close, personal" differences."--BOOK JACKET.

That was Now, This is Then Aug 04 2020 IN A FOLLOW-UP TO GROUNDBREAKING A LONG TIME UNTIL NOW, MASTER OF MILITARY SF MICHAEL Z. WILLIAMSON SENDS EPOCH-DISPLACED SOLDIER SEAN ELLIOTT AND HIS CREW ON A RESCUE MISSION WITHIN THE FOLDS OF TIME ITSELF SOLDIERS OUT OF TIME Then: First Lieutenant Sean Elliott and nine other mixed-service U.S. soldiers on a convoy in Afghanistan suddenly found them-selves and their MRAP vehicle thrown back to Earth's Paleolithic Age. And they were not alone. Displaced Romans, Neolithic Europeans, and more showed up as well. Some would be allies. Some became deadly foes. Now: Scientists from an almost unimaginably far future need the survivors' advice and support to reconnoiter and ultimately recover other groups displaced in time. There's just one problem. Not all of those other groups want to be recovered or even understand where they are. Prehistory is an ugly place, fascinating to vis-it, but no place for a civilized person to live. But the future, gorgeous as it is, has a darker side that dampens the appeal. In the end, only inventiveness, grit, and a thirst for freedom from the fickle tides of time can keep Sean and the displaced Americans alive and on a path to finally find a place—and a time—to call home. But sometimes survival can be a curse. Humanity is locked in a war of survival with the Xan-Sskarn, an alien race that refuses to acknowledge the rights of "weaker" creatures to live. Carnifex Feb 07 2021 BE CAREFUL WHO YOU CHOOSE AS YOUR ENEMY, HE'S GOING TO BECOME JUST LIKE YOU Patricio Carrera has been waging what amounts to a private world war to bring to justice the murderers of his family; He's raised an army and air force and used them. He's raised a fleet and he's about to use that. He's suborned one republic and is about to undermine another. He's tracked his enemies across half a world, breaking, in the process, any notion of international law that stood in his way. Now he's deployed his legions to Pashtia, penultimate hideout of the Salafi Ikhwan who have made him what he has become. But with each step further from his home, revenge seems no closer. And with each step he leaves behind him a little of his dwindling humanity. Revenge is a dish best served cold. Yet the trail itself grows cold, as cold as the snow-capped, windswept mountains of Pashtia. Only Carrera's hate still burns hot, and that's a fire that is slowly consuming him. Yellow Eyes Apr 23 2022 Stand Against the Posleen Horde! Earth invaded! The Posleen aggressors eating what population they don't outright vaporize! Now the aliens are closing in on a vital choke point for the humans: the Panama Canal. No canal, no food. No food³/₄the North American resistance crumbles, and hope fades. What's worse, slimeball appeasers within the U.S. State Department (surprise!) are set to sell out the resistance to another race of would-be galactic overlords. A Desert Called Peace, Second Edition Apr 11 2021 Now with new Content by Tom Kratman HE RAISED AN ARMY AGAINST THOSE WHO TOOK EVERYTHING FROM HIM They should have picked their enemies more carefully. Five centuries from now, on a remarkably Earthlike planet that is mankind's sole colony in space, religious fanatics called the "Salafi Ikhwan" have murdered the uncle of former colonel Patrick Hennessey. That was their first mistake, because uncle was rich and Hennessey was rather a good colonel. But they also murdered Hennessey's wife, Linda, and their three small children, and that was their worst mistake for she was the only restraint Hennessey had ever accepted. From the pile of rubble and the pillar of fire that mark the last resting place of Linda Hennessey and her children arises a new warrior³/₄Carrera, scourge of the Salafis. He will forge an army of ruthless fanatics from the decrepit remains of failed state's military. He will wage war across half a world. He will find those who killed his family. Watch on the Rhine May 25 2022 The invaders are coming; the Posleen, a seemingly unstoppable horde who have conquered one star system after another, literally feeding on their conquests. Earth's dubious allies, the Darhel, have given the humans a number of highly-advanced technological devices, including a process for rejuvenating the aged, including trained and proven soldiers who otherwise would be too old to fight. Rejuvenation may give a critical edge, since to survive, the Earth must use every resource at hand. Every resource . . . In the dark days after the initial Posleen attack, but before the primary invasion, the Chancellor of Germany faces a critical decision. Over the years, with military cutbacks, the store of experienced German military personnel had simply dwindled. After the destruction of Northern Virginia, he realized that it was necessary to tap the one group he had sworn never, ever, to recall: the few remaining survivors of the Waffen SS. Has he made a devil's bargain, or is this a chance for the reviled SS at last to fight the good fight? And, perhaps, gain redemption. . . ? Watch On the Rhine, a new chapter in the New York Times best-selling Posleen War saga, is perhaps the most unbiased, and brutal, look at the inner workings of the Waffen SS in history. Meticulously researched, it explores all that was good, and evil, about the most infamous military force in history using the backdrop of the Posleen invasion as a canvas.
