**The Presentation of Self in Everyday Life** Dec 23 2019 Acclaimed on first publication and today considered one of the defining works of the sociology, The Presentation of the Self in Everyday Life is Erving Goffman's extraordinary analysis of the structure of our social interactions. Blurring the line between workaday life and theatrical performance, Goffman argues that our behaviour with others is defined by how we wish to be perceived - resulting in displays bearing a startling similarity to those of an actor on the stage. From the houses and clothes that we use as 'fixed props' to the 'backstage' of the solitude in which our personas are rehearsed and relaxed, Goffman's insight reveals human character to be not fixed or stable, but liquid and consciously maintained.

**The World of the Crusades [2 Volumes]** Nov 01 2020 Unlike traditional references that recount political and military history, this encyclopedia includes entries on a wide range of aspects related to daily life during the medieval crusades. \* Provides a timeline that gives users a quick look at the most significant events related to the crusades \* Presents topical sections as reference entries on important subjects related to daily life during the crusades \* Incorporates an introductory essay into each topical section to give readers an overview of the section \* Offers selections from primary source documents for critical insights into the crusades \* Features suggestions for further reading and a bibliography

*Daily Life in the Late Middle Ages* May 27 2020 What was life like in the towns and villages of medieval England? The full range of medieval life is covered, from the town life of medieval York and London to the life of peasants in the Durham and Warwickshire countryside. Drawing on newly discovered firsthand accounts, the book tells of leisure pursuits, religious practices, fashions, life at home and in the workshop or field, with sections on women in late medieval households, the peasant economy, the role of money in rent payments, and changing features of parish religion before the Reformation.

**Researching Daily Life** Apr 30 2023 "A step-by-step guide to researching what people do in their everyday lives. This practical, beginner-friendly book teaches readers how to do daily life research, which is the study of what people do in their ordinary environments in their everyday lives. The basic approach is to collect data intensively over time, at least once a day for many days, in people's natural environments rather than in research labs. Common methods include daily diaries, experience sampling, and ecological momentary assessment. Collectively, these methods trade off the control and precision of the lab for the texture, depth, and realism of the real world. The book walks readers through the entire process of the research project, including first selecting a design and developing survey items, then collecting and cleaning data, and finally analyzing and disseminating the findings. With example studies pulled from all areas of psychology, the book will provide students with the conceptual foundation and practical knowledge needed to examine psychological processes "up close" in ways that experimental and survey methods can't"--

**CHEMISTRY IN DAILY LIFE** Jun 20 2022 This book highlights the importance of chemistry in human well-being by introducing the readers to the basic usefulness of chemistry in everyday life. Chemistry has helped in creating valuable products that have transformed the lifestyle of people. Since we spend lots of money in buying our daily requirements, there is a need for us to understand the benefits and hazards of using consumer products which contain chemicals. In this context, this book will help readers to make reasoned choices and intelligent decisions in buying consumer products which contain chemicals. This text is divided into seventeen chapters devoted to the basic necessities of life like food, shelter, clothing, healthcare, and energy and consumer products. Topics on chemistry in environment, crime, warfare, arts, conservation, communications and transportation are also highlighted in individual chapters. All these topics are discussed with regard to the needs of modern society. In this third edition, the various chapters have been updated with current information keeping the language simple and friendly. Critical thinking exercises and questions have been included. The style of questions included in the book is to meet the requirement of various competitive examinations such as Indian Civil Services and entrance examinations in medicine and engineering.

**Politics, Work, and Daily Life in the USSR** Feb 14 2022 Politics, work, and daily life in the USSR is designed to illustrate how the Soviet social system really works and how the Soviet people cope with it. This study is based on the first comprehensive survey of life in the USSR since the Harvard Project over thirty-three years ago. The essays contained analyze the variations in attitude and behaviour reflected in the findings of the Soviet Interview Project, a five-year investigation of contemporary daily life in the USSR. The survey involved interviewing thousands of recent emigrants from the USSR to the United States as a means of learning about their former day-to-day lives. Some aspects of this survey dealt with areas the Soviets themselves had never investigated, so the data were not, and indeed still are not, available even in unpublished Soviet sources. This study of a large volume of firsthand observations is extremely valuable to anyone interested in the inner workings and behavioural dynamics of the contemporary Soviet social system.

**Everyday Life** Sep 23 2022 This book, first published in 1984, examines the politics and philosophy of ordinary men and women, and their ordinary transactions. It analyses the interaction between the individual and the social, both for the roots of everyday behaviour and for the means to change the social fabric. Using an approach that combines Marx, Husserl, Heidegger and Aristotle, Agnes Heller defines categories such as 'group', 'crowd', 'community', and deals with characteristics of everyday life such as repetition, rules, norms, economics, habits, probability, imitation. She also analyses everyday knowledge, and concludes by looking at the place of personality in everyday life.

**Victorian London** Jul 10 2021 When Queen Victoria was in power, it was a period of massive development in London. Much of contemporary London owes a great deal to its Victorian heritage and influence. From the cultural highs of museums and theaters to the perennially popular pubs and markets, the influence of the Victorians is evident in many commonplace London scenes. Victorian London is a guide to the London of this period, and the glorious evidence that remains in London's landscape and today's society. Author Lee Jackson is an entertaining guide who relates his detailed knowledge of many aspects of the social history of the period: architecture, popular culture, education, crime and punishment, food and drink, shopping and transport. Superb photographs illustrate this celebration of Victorian history and architecture. This book is ideal for residents and visitors alike.

**Daily Life in Ancient Egypt** Mar 06 2021 Focusing on the experience of a young girl and her family, this book recreates the daily life of middle-class residents of the ancient town of Lahun during Egypt's Middle Kingdom, or Classical Age. After placing the town in its accurate historical and geographical context, the author chronicles the everyday life of its inhabitants – from their education, occupations, and food preparation to their religious rituals, healing techniques, marriages, births, and deaths. Throughout the book, authenticity takes center stage. This perfect snapshot in time has been painstakingly recreated using recently published textual data and archaeological findings directly from the settlement of Lahun as well as from other contemporary settlement and mortuary sites. Wherever possible, actual physical artifacts are illustrated with line-drawings or photographs (some published here for the first time), accompanied by descriptions of their production and use. Daily Life in Ancient Egypt is a scholarly portrayal of Egypt's Classical Age and a timeless microcosm of daily life in an ancient Egyptian town.

**Reproduction of Daily Life** Feb 02 2021

**Daily Life in Victorian England** Jul 22 2022 Daily Life in Victorian England brings the past to life in a multitude of settings, from idyllic country estates to urban slums. Organized for easy reference, the volume provides information about the physical, social, economic, and legal details of daily life in Victorian England, with a special focus on groups often invisible in traditional history: children, women both at work and at home, and people who led respectable, ordinary lives. Excerpts from primary sources and over sixty illustrations enrich the work, providing a treasure trove of information for classroom and library use and for those interested in the fascinating era of Queen Victoria.

**Acting Techniques for Everyday Life** Aug 23 2022 In clear and accessible language, Robbins describes acting techniques that actors having been using for centuries and explains--using real-life examples and easy-to-follow exercises--how each can be used by ordinary people to make difficult everyday situations easier to handle.

**Mobility in Daily Life** Mar 30 2023 Why do we choose specific modes of transport and what are the perceived rationalities for our choice? How are different theoretical concepts within mobility research actually perceived and lived in everyday life? At this book's core is a conceptual and empirical contribution to critical mobility research. It focuses on the tension between freedom and unfreedom, articulated through the dichotomy between individuality and community, as well as critical perspectives on the multitude of unintended consequences of mobility. In a range of everyday life narratives, this tension is analyzed through the concept of 'structural stories'. In teasing out the ambivalences of late modern everyday life, Malene Freudendal-Pedersen exposes how mobility both generates and helps to overcome and live with these ambivalences.

**Daily Life in Civil War America, 2nd Edition** May 08 2021 When first published, Daily Life in Civil War America shifted the spotlight from the conflict's military operations and famous leaders to its affect on day-to-day living. Now this popular, groundbreaking work returns in a thoroughly updated new edition, drawing on an expanded range of journals, journalism, diaries, and correspondence to capture the realities of wartime life for soldiers and citizens, slaves and free persons, women and children, on both sides of the conflict. In addition to chapter-by-chapter updating, the edition features new chapters on two important topics: the affects of the war on families, focusing on the absence of men on the home front and the plight of nearly 26,000 children orphaned by the war; and the activities of the Copperheads, anti-Confederate border residents, and other Southern pacifist groups.

**Daily Life in Anglo-Saxon England** Aug 11 2021 An introduction to the daily life of men, women and children living in England from the end of Roman Britain in the 5th century AD to the Norman Conquest, based on documentary and archaeological evidence.

**Psychology and the Conduct of Everyday Life** Aug 30 2020 Psychology and the Conduct of Everyday Life moves psychological theory and research practice out of the laboratory and into the everyday world. Drawing on recent developments across the social and human sciences, it examines how people live as active subjects within the contexts of their everyday lives, using this as an analytical basis for understanding the dilemmas and contradictions people face in contemporary society. Early chapters gather the latest empirical research to explore the significance of context as a cross-disciplinary critical tool; they include a study of homeless M?ori men reaffirming their cultural identity via gardening, and a look at how the dilemmas faced by children in difficult situations can provide insights into social conflict at school. Later chapters examine the interplay between everyday life around the world and contemporary global phenomena such as the rise of the debt economy, the hegemony of the labor market, and the increased reliance on digital technology in educational settings. The book concludes with a consideration of how social psychology can deepen our understanding of how we conduct our lives, and offer possibilities for collective work on the resolution of social conflict.

**Daily Life in the Islamic Golden Age** Feb 26 2023 This book explores what life was really like for everyday people in the Islamic Golden Age, including Baghdad around AD900. Using primary sources and information from archeological discoveries, it uncovers some fascinating insights and explodes some myths. Supported by timelines, maps and references to important events and people, children will really feel they are on a time-travelling journey when reading this book.

**Daily Life in 18th-century England** Apr 26 2020 Describes various aspects of life in eighteenth-century England, discussing politics, class and race, family, housing, clothing, work and wages, education, food and drink, behavior, hygiene, and other topics.

**Daily Life in the Soviet Union** Apr 18 2022 Examines what daily life was like for ordinary people in the Soviet Union from 1917 to 1991, discussing government and law, the military, economy, class structure, housing, education, health care, the arts, religion, and other topics.

*Daily Life Skills Big Book Gr. 6-12* Oct 13 2021 Our combined resource helps engage learners while providing the knowledge they need to have successful daily life skills. Our in depth study combines the three lessons in this series: Daily Marketplace Skills, Daily Social & Workplace Skills, and Daily Health & Hygiene Skills. Students will start by going into the marketplace and learning how to budget and how to best spend their money. Then, students go into the workplace and learn how to behave in a social environment. Finally, students go back to their home and learn about health and hygiene. Comprised of reading passages, graphic organizers, real-world activities, crossword, word search and comprehension quiz, our resource combines high interest concepts with low vocabulary to ensure all learners comprehend the essential skills required in life. All of our content is reproducible and aligned to your State Standards and are written to Bloom's Taxonomy.

**Daily Life in the United States, 1920-1939** May 20 2022 Find out how work life, domestic life, and leisure-time activities were affected by these factors as well as by the politics of the time. Details of matters such as the creation of the pickup truck, the development of radio programming, and the first mass use of cosmetics provide an enjoyable read that brings the era of "The Roaring Twenties" and "The Great Depression" clearly into focus."--BOOK JACKET.

**Artificial Intelligence in Daily Life** Jun 08 2021 Given the exponential growth of Artificial Intelligence (AI) over the past few decades, AI and its related applications have become part of daily life in ways that we could never have dreamt of only a century ago. Our routines have been changed beyond measure by robotics and AI, which are now used in a vast array of services. Though AI is still in its infancy, we have already benefited immensely. This book introduces readers to basic Artificial Intelligence concepts, and helps them understand the relationship between AI and daily life. In the interest of clarity, the content is divided into four major parts. Part I (AI Concepts) presents fundamental concepts of and information on AI; while Part II (AI Technology) introduces readers to the five core AI Technologies that provide the building blocks for various AI applications, namely: Machine Learning (ML), Data Mining (DM), Computer Vision (CV), Natural Languages Processing (NLP), and Ontology-based Search Engine (OSE). In turn, Part III (AI Applications) reviews major contemporary applications that are impacting our ways of life, working styles and environment, ranging from intelligent agents and robotics to smart campus and smart city projects. Lastly, Part IV (Beyond AI) addresses related topics that are vital to the future development of AI. It also discusses a number of critical issues, such as AI ethics and privacy, the development of a conscious mind, and autonomous robotics in our daily lives.

**Real Life** Apr 06 2021 A FINALIST for the Booker Prize, the National Book Critics Circle John Leonard Prize, the VCU/Cabell First Novelist Prize, the Lambda Literary Award, the NYPL Young Lions Award, and the Edmund White Debut Fiction Award "A blistering coming of age story" —O: The Oprah Magazine Named a Best Book of the Year by The New York Times, The Washington Post, New York Public Library, Vanity Fair, Elle, NPR, The Guardian, The Paris Review, Harper's Bazaar, Financial Times, Huffington Post, BBC, Shondaland, Barnes & Noble, Vulture, Thrillist, Vice, Self, Electric Literature, and Shelf

Awareness A novel of startling intimacy, violence, and mercy among friends in a Midwestern university town, from an electric new voice. Almost everything about Wallace is at odds with the Midwestern university town where he is working uneasily toward a biochem degree. An introverted young man from Alabama, black and queer, he has left behind his family without escaping the long shadows of his childhood. For reasons of self-preservation, Wallace has enforced a wary distance even within his own circle of friends—some dating each other, some dating women, some feigning straightness. But over the course of a late-summer weekend, a series of confrontations with colleagues, and an unexpected encounter with an ostensibly straight, white classmate, conspire to fracture his defenses while exposing long-hidden currents of hostility and desire within their community. *Real Life* is a novel of profound and lacerating power, a story that asks if it's ever really possible to overcome our private wounds, and at what cost.

**Everyday Life** Nov 25 2022 Most of the stories we tell are about great feats, dangerous journeys, or daring confrontations—exceptional moments in our existence. But what about how we live every single day? In *Everyday Life*, Joseph A. Amato offers an account of daily existence that reminds us how important the quotidian is. Ranging across social, economic, and cultural history—as well as anthropology, folklore, and technology—he explores how and why the pattern of our lives has changed and developed over time. Amato examines the common facts and occurrences in lives from all spheres, whether of a pauper or a noble, a criminal or state official, or a lunatic or a philosopher. Such facts include basic aspects of human existence, such as play, work, conflict, and healing, as well the logistics of survival, such as housing, clothing, cleaning, cooking, animals, plants, and machines. Tracing core historical developments like efficiency of production and greater mobility, Amato shows how we became modern in everyday ways. He explores how, paradoxically, commerce, technology, design, industrialization, nationalism, and democratization—which have so undercut traditional culture and have homogenized, centralized, and secularized masses of people—have also profoundly transformed daily life, affording citizens with materially improved lives, individual rights, and productive and rewarding expectations. A wide-ranging account of lives throughout history, this book gives us new insights into our own condition, showing us how extraordinary the ordinary can be.

*Surviving Everyday Life* Oct 01 2020 Moving beyond state-centric and elitist perspectives, this volume examines everyday security in the Central Asian country of Kyrgyzstan. Based on ethnographic fieldwork and written by scholars from Central Asia and beyond, it shows how insecurity is experienced, what people consider existential threats, and how they go about securing themselves. It concentrates on individuals who feel threatened because of their ethnic belonging, gender or sexual orientation. It develops the concept of 'securityscapes', which draws attention to the more subtle means that people take to secure themselves – practices bent on invisibility and avoidance, on disguise and trickery, and on continually adapting to shifting circumstances. By broadening the concept of security practice, this book is an important contribution to debates in Critical Security Studies as well as to Central Asian and Area Studies.

**Daily Life in Ancient Rome - The People and the City at the Height of the Empire** Mar 25 2020 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

*Daily Life in Chaucer's England* Dec 15 2021 An indispensable resource on daily life in medieval England, enlivened with authentic recipes, clothing patterns, games, songs and dances, and over 125 illustrations.

**Daily Life in Maya Civilization** Sep 11 2021 . For ease of use by students, the work is organized into chapters covering all aspects of Maya life and civilization: the foundations of Maya life and civilization; early, middle, and late Maya civilization; economy (food production and trade); social and political systems; writing and calendars; life cycle events; arts and crafts; and religion.

*Daily Life in Late Antiquity* Jan 28 2023 This book introduces readers to lived experience in the Late Roman Empire, from c.250-600 CE.

**Designing Everyday Life** Jan 22 2020 BIO 50 breaks with the traditional system of awards, choosing instead to award collaboration, its process and outcomes. Recognizing the idea that design is a discipline that permeates all layers of contemporary life, BIO launches an unprecedented effort to engage designers and agents from Slovenia and abroad in a collaborative approach that will address themes that affect everyday life. Guided by a group of mentors from various disciplines, eleven teams have tackled the topics Affordable Living Knowing Food Public Water, Public Space Walking the City Hidden Crafts The Fashion System Hacking Households Nanotourism Engine Blocks Observing Space Designing Life Each team has created specific projects that are developed and implemented during the Biennial. Drawing from the complex network generated around BIO 50, "Designing Everyday Life" serves as a reader, compiling written and visual material on the many layers that compose the biennial. Notes, essays, and interviews, along with sketches, photographs, and diagrams, are aggregating the manifold dimensions of each team's collaborative work process, and illuminate strategies and roles for design in a contemporary world. An opening section introduces the topics discussed throughout the different components of the publication, arguing new priorities for the design discipline in contemporary times. Essays and visual material come together to articulate new roles for a discipline that has changed beyond the universe of mass-made products and solutions, and instead inhabits a fundamentally new universe in a series of small-scale, customized scenarios. Exploring the changing definition of design will illuminate its possible future. The concluding chapter reflects on the history and legacy of the world's oldest design event. It uses the history of BIO as an opportunity to explore changes in the last fifty years within the design discipline, western society and everyday life. With contributions by Slovenian and international experts, a series of reflections on BIO as a meeting point for design between East and West in Central Europe allow to extrapolate conclusions about European design in the immediate future. "Designing Everyday Life" also features interviews with Alice Rawsthorn, design critic at New York Times, Konstantin Grcic, industrial designer, and Sasa Machtig, industrial designer. MAO co-produces "Designing Everyday Life" with "Z33," a space for contemporary art based in the Belgian city of Hasselt. Since 2002, Z33 has been realizing projects and exhibitions that encourage visitors to see everyday things in a new way. <http://www.z33.be/en/z33/mission> "

*Culture and Everyday Life* Jul 30 2020 This lively and accessible new book reconsiders the different views as to what 'culture' is, how it operates, and how it relates to other aspects of the human (and non-human) world.

**How Can I Use Herbs in My Daily Life?** Oct 25 2022

**Daily Life in Ancient Mesopotamia** Jun 28 2020 A lively and engaging description of the everyday lives of ordinary people who lived in Ancient Mesopotamia.

**Daily Life in the Ottoman Empire** Jan 16 2022 This book provides a general overview of the daily life in a vast empire which contained numerous ethnic, linguistic, and religious communities. • The extensive bibliography provides rich and diverse sources of further reading • An index provides quick reference to the individuals and places mentioned in the text

**The Wordhord** Mar 18 2022 An entertaining and illuminating collection of weird, wonderful, and downright baffling words from the origins of English—and what they reveal about the lives of the earliest English speakers Old English is the language you think you know until you actually hear or see it. Unlike Shakespearean English or even Chaucer's Middle English, Old English—the language of Beowulf—defies comprehension by untrained modern readers. Used throughout much of Britain more than a thousand years ago, it is rich with words that haven't changed (like word), others that are unrecognizable (such as neorxnawang, or paradise), and some that are mystifying even in translation (gafol-fisc, or tax-fish). In this delightful book, Hana Videen gathers a glorious trove of these gems and uses them to illuminate the lives of the earliest English speakers. We discover a world where choking on a bit of bread might prove your guilt, where fiend-ship was as likely as friendship, and where you might grow up to be a laughter-smith. The Wordhord takes readers on a journey through Old English words and customs related to practical daily activities (eating, drinking, learning, working); relationships and entertainment; health and the body, mind, and soul; the natural world (animals, plants, and weather); locations and travel (the source of some of the most evocative words in Old English); mortality, religion, and fate; and the imagination and storytelling. Each chapter ends with its own "wordhord"—a list of its Old English terms, with definitions and pronunciations. Entertaining and enlightening, The Wordhord reveals the magical roots of the language you're reading right now: you'll never look at—or speak—English in the same way again.

**Bobby Baker** Dec 27 2022 The first full-length book by and about one of the most important performance artists working today, this collection brings together a 'best of' selection of the myriad articles written about Baker's work by various writers and academics including Marina Warner and Griselda Pollock.

**Daily Life at the Time of Jesus** Feb 23 2020 Vivid illustrations, maps, and photographs of the Holy Land and the most significant archaeological finds of the past half-century combine to bring alive the times of Jesus.

**Daily Life of the Ancient Egyptians** Nov 13 2021 A vivid portrait of daily life in Egypt from 3000 to 30 B.C.E. reconstructed through hieroglyphic inscriptions and ancient painted scenes.

**The Daily Life of the Greek Gods** Dec 03 2020 Discusses the everyday life of the gods of the Iliad, including what their bodies were made of, how they received nourishment, their social life on Olympus and among humans, and their loves, festivities, and disputes.
