The World's Richest Neighborhood Jun 28 2020 The residents of Pittsburgh's East End controlled as much a 40% of America's assets at the turn of the last century. Mail was delivered

seven times a day to keep America's greatest capitalists in touch with their factories, banks, and markets. The neighborhood had its own private station of the Pennsylvania Railroad with a daily non-stop express to New York's financial district. Many of the world's most powerful men — princes, artists, politicians, scientists, and American Presidents such as William McKinley, Teddy Roosevelt, William Taft, Calvin Coolidge, and Herbert Hoover, came to visit the hard-working and high-flying captains of industry. Two major corporations, Standard Oil and ALCOA Aluminum were formed in East End homes. It was the first neighborhood to adopt the telephone with direct lines from the homes to the biggest banks in Pittsburgh, which at the time was America's fifth largest city. The story of this neighborhood is a story of America at its greatest point of wealth and includes rags-to-riches stories, political corruption, scandals, and greed. The history of this unique piece of American geography makes for enjoyable reading that will satisfy a large cross section of readers.

Birth of the Hokie Nation: Virginia Tech's Path to the 1999 National Championship Game Jun 20 2022 Virginia Tech hired Frank Beamer in December 1986 to take over a football program rocked with scandal and on NCAA probation. After the 1992 season, many assumed the university administration would fire him when the Hokies finished the year with a 2-8-1 record. The ad-ministration was patient. Starting in 1993, the Virginia Tech football team set upon a path that would lead to the National Championship game of 1999

played on January 4, 2000, at the Sugar Bowl. This is the story of the games played between 1992 and that January night when, for a few minutes, Virginia Tech reached the pinnacle of the college football world. While Frank Beamer never won a national championship as coach, this book is about the teams that put Beamer and the Hokies in the stratosphere where dreams became goals, and the quest for those goals changed a university.
